Surface Engineering, Preparation, Coatings, Finishing, Corrosion Protection,
Environmental Engineering and Technologies ”

Welcome to Surface & Coating Expo

Confederation of Indian Industry (CII) has been organising its flagship event “Surface & Coating Expo” since 2014. Over the years, the event has evolved as India's Largest and Exclusive Event Focused on Surface Engineering, Preparation, Coatings, Finishing, Corrosion Protection, Environmental Engineering and Technologies, under the guidance of a strong industry-led Steering Committee.

South India has established itself as a gateway of the Country with large manufacturing hub for Automobile, Auto-components, Petroleum, Chemical, Steel, Sugar, Cement, Power, Electronics, Heavy Engineering and Engineering products at various industrial clusters. Surface Coating plays an important role in any product manufacturing in terms of improvement in aesthetics, life of products and in some case performance. Also, a better surface coating reduces the corrosion which otherwise results in huge losses on terms of material and manpower.

Understanding the importance and need for surface preparation, treatment and coating in some or the other forms, CII has conceptualized this initiative to benefit various industrial sectors. With three successful editions, the Surface & Coating Expo had received an overwhelming response from the stakeholders of the industry across the globe. It had also attracted International participation from China, Denmark, France, Italy, Germany, Japan, South Korea, Turkey & USA.

Industry Overview

The global industrial coatings market size was valued at USD 83.03 billion in 2021 and is expected to grow at a compound annual growth rate (CAGR) of 3.5% from 2022 to 2030. The Asia Pacific dominated the market in 2022 and accounted for the largest share of over 45.0% of the global revenue. Rapid industrialization and growing product demand from the automotive and vehicle refinish sectors in countries, such as India, Japan, and South Korea, are expected to drive the market during the forecast period.

The Indian paints and coatings market is expected to reach around USD 7,645 million by the end of this year, and it is expected to register a CAGR of more than 7% during the forecast period of 2022-2027. The decorative paint category constitutes almost 75% of the overall market and the industrial paint category constitutes the balance of 25% of the paint market.

Given this background, Confederation of Indian Industry (CII) is organising the 4th edition of “Surface & Coating Expo” (SCE2023) - India's Largest and Exclusive Event Focused on Surface Engineering, Preparation, Coatings, Finishing, Corrosion Protection, Environmental Engineering and Technologies. The SCE2023 is scheduled from 29th June to 1st July 2023, at Chennai Trade Centre, Chennai, India.

This 3-Day Exhibition and Conference would set a platform for all the stakeholders of the Surface Coating Industry - manufacturers, distributors, solution providers, traders, end users and policy makers across the globe to meet, network, interact and establish new opportunities. International Conferences and Certified Training Course will be organised along with the Exhibition.

Concurrent Events

The 4th edition of the “Technology Conference and Exhibition on Electroplating” (TCEE2023) will be organized concurrently with SCE2023. This event will showcase the state of art technology, trends, and latest developments in the Electroplating Industry.

The 2nd edition of “AutoMatFab Expo” will focus on the materials, fabrication & manufacturing technologies and solutions for the procedures involved in Automobile Fabrication and Sheet Metal Work. This will complement with the SCE2023.

CII is organising its 2nd edition of “Adhesives and Sealants - Summit & Expo” concurrently with SCE2023. This initiative will provide a platform to showcase on the latest trends, innovations, sustainability and technological advances and will also connect the bonding technology providers like Adhesive, Sealants, raw material, processing equipment, software, dispensing systems, consulting services, manufacturer / formulator and testing equipment with the end stakeholders across the country and globe.

Exhibitor Profile*

- 3D Printing
- Abrasive Wheels
- Acid Cleaning Systems
- Adhesives & Sealants
- Additive Manufacturers
- Applications of Paint & Coatings
- Arc Welding
- Assembly Systems
- Automation and Handling Systems
- Automotive E-Coatings
- Bending & Forming
- Blast Cleaning
- Blasting Material
- Brazing & Soldering
- Business Services
- Chemical & Electronic Metal Separation
- Chemicals
- Cleaning and Pre - Treatment
- Coil Processing
- Cutting
- Environmental Protection and Special-Purpose Plant
- Effluent Treatment Plant
- Equipments
- Fastening & Joining
- Fire-Resistant, Fire-Retardant & Intumescent Coatings
- Floor Coatings
- Gas Equipment
- Green Coatings
- Hydro Blasting
- Hydro Forming
- Industrial Paint-Spraying Installations / Equipment Manufacturers
- Industrial Plasma Coating
- Inspection & Testing
- Ion Plating
- Job Shop / Contract Manufacturers
- Laser Surface Modification
- Lasers
- Liquid and Powder Coatings
- Lubrication
- Machine Controls
- Machines and Plants
- Maintenance & Repair
- Material Handling
- Metal Suppliers
- Paints, Enamels, Plastic Coatings
- Plant and Equipment
- Plasma Nitriding
- Plasma Pre-Treatment
- Plate & Structural Fabrication
- Power Tools
- Press Brakes
- Punching
- PVD and CVD Systems
- Resistance Welding
- Robotics
- Roll Forming
- Safety & Environment
- Saws
- Sponge Cleaning
- Sputter Deposition
- Stamping
- Surface Activation
- Thermal Spray : Arc, HVOF, Plasma and Cold Spray
- Thermal Spray Coating
- Tool & Die Tooling
- Tube & Pipe Fabrication
- Tube & Pipe Manufacturers
- Types of Abrasives
- Waterjet
- Waterproofing Technology
- Welding Consumables
- Welding Machines
- Wet Cleaning
- and more...

* This list is illustrative...

Visitors Profile*

- Contractors
- Engineering Consultants
- EPC Contractors
- Government Officials
- Maintenance Personnel
- Management
- Manufacturers of Equipment
- Plant Heads
- Procurement & Purchasing
- Project Developers
- Project Managers
- Quality Control
- Research & Development
- Service Personnel
- Technical Specifiers

Target Industries :

Aerospace, Agriculture, Automobile, Balance of Plant suppliers, Boilers & Turbines manufacturers, Cement, Chemical & Pharma , Construction, Consultants, Cooling Towers, Defence, Desalination Plants manufacturers, Domestic, Education, Electronics, Energy, Engineering, Fire, Food Processing, Iron & Steel, Manufacturing, OEMs, Oil & Gas, Plastic, Ports, Power Plants, Railways, Space, Steel, Sugar, Waste Water and more...

Stall Tariff*

Built-up Indoor Stall - Air Conditioned			
Ready to use stall with Carpet, Table, Chairs, Lighting, Single Phase Power socket with power			
Area (in Sq.mts)	CII Member/ Past Exhibitor (Rs. / Sq.mts)	CII Non-Member/ New Exhibitor (Rs. / Sq.mts)	Foreign Companies (US\$ / Sq.mts)
6	8000	8500	200
9 - 12	7500	8000	190
15 - 18	7000	7500	180
21 & Above	6500	7000	170
For MSME : 6 - 15	6500	7000	NA

Indoor Raw Space - Air Conditioned			
Exhibitor to construct & Fabricate Stall / Displays. CII will provide only bare space			
Area (in Sq.mts)	CII Member/ Past Exhibitor (Rs. / Sq.mts)	CII Non-Member/ New Exhibitor (Rs. / Sq.mts)	Foreign Companies (US\$ / Sq.mts)
24 - 36	6000	6500	150
42 - 54	5500	6000	140
60 - 72	5000	5500	130
90 & Above	4500	5000	120

* Note : Rentals are exclusive of Government Tax; Electricity will be charged additional for Raw Space.

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with around 9000 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 286 national and regional sectoral industry bodies.

For more than 125 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

As India completes 75 years of Independence in 2022, it must position itself for global leadership with a long-term vision for India@100 in 2047. The role played by Indian industry will be central to the country's progress and success as a nation. CII, with the Theme for 2022-23 as Beyond India@75: Competitiveness, Growth, Sustainability, Internationalisation has prioritized 7 action points under these 4 sub-themes that will catalyze the journey of the country towards the vision of India@100.

With 62 offices, including 10 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 350 counterpart organizations in 133 countries, CII serves as a reference point for Indian industry and the international business community.
